

Combined Radiology Retreat

Fellow colleagues,

It gives me great pleasure to invite all of you to a Combined Radiology Retreat, jointly organised by the College of Radiologists, Singapore and the Singapore Radiological Society. This event will be held on the 5th of September 2009 at the NUSS Kent Ridge Guild House.

This retreat follows the very successful Dinner forum that was held on the evening of 7th August 2009. The response to this event both in numbers and interest was overwhelming and the participants were diverse in age, speciality and sector of practise. We would like to continue to dialogue on some of the matters that were raised during the session and also address some of the challenges that were highlighted in the very thought provoking lecture entitled 'Does Radiology have a sell-by date?' delivered by Prof Andy Adam, President of the Royal College of Radiologist UK during his recent visit.

Our community, united by its common use of radiation in its different forms and function is constantly evolving and responding to new challenges both internal and external. It is essential that as we grapple with these issues that we continue to keep channels of communication open and appreciate the unique situation that each of us may be in. I apologise for the short notice of the announcement, but given the dates available, this seemed to be the best. I would thus like to enlist your help by publicising this event to your colleagues, even if they are not members of the CRS or SRS. We feel that the topics on the agenda are relevant to all members of the radiological community and believe that each of us has a role to play in defining the future of Radiology in Singapore. I look forward to your active participation in the retreat.

Winston Lim
President
Singapore Radiological Society

Would like to come but.....

If you cannot make it to the session but would like to contribute your thoughts on some of the topics in the agenda please send your message to either:

president@srs.org.sg or **crs@ams.edu.sg**
